Audition!

All the materials you need to prepare for your audition are on our Google Classroom, which you can join here: tinyurl.com/bjhsseussicalclassroom

- 1. DANCE:** Every student will dance in a small group (if you are interested in a lead dance role, you may be asked to dance alone.) Ms. King has provided a video recording of the dance for you to learn ahead of time. You must come to auditions with the dance excerpt memorized.
- 2. SING:** Every student will sing a short part of a song from the show. If you are interested in a named role, you must sing alone; if you are only interested in the chorus, you may sing in a small group. Ms. Shue has provided the sheet music and a recording for you to learn from ahead of time. You must come to the audition with the song excerpt memorized.
- 3. CALLBACKS:** After every student has had a chance to dance and sing, we may ask some students to sing again or read lines from a script. Don't worry- being asked to do this does not mean anything about whether you will receive a role or not. Sometimes we just need a little more information! You should look over the lines ahead of time so that you're prepared in case you're asked to read.

AUDITION TIP: During your dancing and singing auditions, we are looking for more than just singing and dancing- we want to see you ACT out the music with your face and your body! One of the most important things you can do is show off your stage presence and acting skills in every part of the audition!
